ANNUAL REPORT 2021

April 2020 – March 2021

Blessings in Christ
Mark McClendon

Regional Director CBN Southeast Asia/South Korea

Message from Regional Director CBN Southeast Asia/South Korea

The 2021 Fiscal Year has drawn to a close as we celebrate God's goodness, His amazing power and His love that has continued to flow in the ministry of CBN throughout Thailand, through our staff, partners on the ground and all of the amazing donors and sponsors who have faithfully supported us in a very difficult season. Our theme for the year was Synergy, and Covid-19 lockdowns were far from shutting us down. Instead, this pandemic served to excite and empower the ministry of CBN to new levels, leveraging new technology to increase and multiply our impact, as we worked harder to be united on every level of our organization.

We know that so many of our church partners suffered through many months of on-line ministry. Nevertheless, we have been amazed to see so many church partners come alive by showering love and care into their communities, to those who suffered around them. Thousands of families in our partner churches received Covid relief packages and thousands of our partner churches could minister to their children and see their hearts constantly renewed from week to week through Superbook Sunday School which went big on-line. Testimonies of God's grace poured in as Superbook continued to minister to millions of viewers, while Heart to Heart Family worked hard to bring hope and life to them.

This season of pandemic is drawing to a close, but the incredible blessings that brought to us through the hardship are vibrant and alive. We have found unity, innovation, creative solutions to complex problems, development of new products and ways to serve our church partners, and powerful outreaches to bring Jesus to the next generation! Synergy truly came alive when our church network and ministry teams used BREAKING BARRIERS as a call to activate, take part, and serve their communities across Thailand.

Thank you to all partners and donors, who so generously gave during these tough times, and doing the work of God's kingdom despite of difficulties and hardships. We love and honor you, as we look forward to an incredible year to come.

Message from Foundation Chairman

“ On behalf of CBN Thailand, I would like to give my heart-felt thank you to everyone who have always been supporting our mission. With your support, CBN's mission is able to continue operating and bring the love of God and the gospel to those who are waiting with hope in every region in Thailand. Lastly, in the midst of this current difficult situation, may Jesus Christ bless you with good health and overflowing blessing everyday.

Dr. Niran Pattaranukool
Foundation Chairman

Message from National Director

Ms. Walai Jantawiboon
National Director

On behalf of the Operation Blessing Foundation (Thai), I would like to thank you all for your kind support and partnership. Your help has encouraged our brothers and sisters across the country. This year, our foundation enters its 21st year as a decade of building a supportive society that “love your neighbor as yourself” based on the teachings of Jesus Christ. We invite everyone to be a part of us with the conviction that the Lord who initiated good works, will carry them out. I would like to invite everyone to follow our new version of From Heart to Heart called Jak Jai Family. It is a family-focused content which aims to reunite the whole family with love and building strong foundation through family institution. In addition, we will continue the fun and exciting Superbook Sunday School project for the churches throughout Thailand. There are lessons that lead children to critical thinking, empowering them to truly cope with the current situations of this era. We would like to join with you all in building the unfailing strength and hope of the church and society. May the grace, love and peace of Jesus Christ be with you always.

Messages from the supporters

Mr Samaan Niramonthon,
Pastor at the Joyful Church

Thank you for providing Superbook media for the children to study. The Church has received the Superbook lessons graciously without cost since the beginning of the Superbook Sunday School Curriculum was distributed. Through the distribution of Superbook curriculum, we believe the church should not only receive but give as well. Therefore, our Joyful Church is grateful to give thanks to God by sponsoring the project and be a part of God's plans to build up children. We support Superbook to share the gospel to the children and fill them about Jesus Christ, the one true God. Thank you for the encouragement and support to our children through the Superbook Sunday School curriculum in which we continue to use until today. Moreover, thanks for making Superbook a great media which is not only made for children but for family building as well.

Jeerapon Khan-Ura
The Children's pastor of
the Acts Church Chiang Mai.

The reason behind my support to CBN was that the Acts Church Chiang Mai has been using the Superbook lesson for a long time. The curriculum has great lessons for the children. In addition to the contents in the lesson, the children are able to understand the background story from the Bible relating to Jesus Christ. The Superbook lesson tells the stories in the Bible through the view of the children like Chris and Joy from their daily events that they encountered. The children are then able to adapt the Bible lessons according to their own situations.

Somchai Kaewmanee
Business Owner

I have seen that CBN has been helping in the children's ministry and relieving any struggles such as flooding in Ubon Ratchathani. Thus, I decided to support and continue supporting because I want to see the children, our youth generation grow up into good adults in the future.

Thitima Wongsarasert
The Manager at the UOB
the Mercury Ville, Chidlom Branch.

I always like to support the children and the youth's ministry, especially for the Superbook project. I wanted to be a part in sharing a good teaching media to build a good foundation for Thai children.

Give thanks to the Lord for the 20th Anniversary of CBN's Mission Work in Thailand

On November 14, 2020, CBN held an event on the occasion of the 20th anniversary of the establishment and the missions operated in Thailand at the First Church of Chiang Mai. Then, on November 21, 2020, another event was held at the Wattana Church, Bangkok to give thanks to the Lord, to thank our partners who have been involved in many missions together, and to share CBN's vision and goals in the ten years to come.

The theme for this event was Faithfulness, Friendship and Fruitfulness. These were the things that we wanted to share with CBN's partners. We are grateful to God for His faithfulness that has made us consistently spread the gospel in Thailand through our missions.

We are grateful and appreciate the strong friendship from our partners whether it is from the church leaders, local churches, Christian organizations, foundations, private businesses, our volunteers and our sponsors who have given continuous support to CBN.

In this event, we presented the lives of those who received transformation by the love of God through our missions. The highlight of this event was meeting the classic hosts for our 'Heart to Heart' program. The hosts who joined were Dr. Niran Pattaranukool, Sasithorn Wattanakul (Laura), Debbie Klongtruadroke, Somporn Moolsarn, Lakkhana Tanamee, Saijai Chaiyasate and also including the latest hosts that were Rung phranakhon, Punyanush Voranitiphong, Phakkamon Wittayarangsakul, and Theeraphun Polchant.

Within the event, we brought back the 'Heart to Heart' program with inspiring testimonies, a Thai antiphon performance from the United Spirit Church of Christ, a performance named 'On Eagles Wings' performed by the CCI team and introducing the Superbook Christmas Outreach for an evangelizing tool for local churches across the country. We were honored by many special guests who joined this event such as Dr Winit Wongsonsern, Dr Weeradech Chitsakdanon, Prof. Saran Leelahakriengkrai, Pastor Choong Hwan Lee (CGNTV), Dr Nurot Panich, Pastor Patwit Ongcharoen (YFC), Bo Surattanawee, Tae Sattawat, Em Kontualai and many other church leaders.

Having strong partners standing alongside with CBN in doing the missions together for such a long time like this has touched us and encouraged us to continue supporting and empowering local churches across the country through all of our missions.

Thanksgiving event to Celebrate 20th years Anniversary of CBN Thailand Ministry

On 14th November 2020 at The First Church of Chiangmai

Thanksgiving event to Celebrate 20th years Anniversary of CBN Thailand Ministry

On 21st November 2020 at The Wattana Church, Bangkok

Superbook Classroom Project

The Operation Blessing Foundation (Thai) has initiated a moral education curriculum following Christian teachings to train children in the elementary level since 2016. In March 2021, the foundation has distributed the lessons to local churches in Bangkok and in different regions totaling 889 classrooms. The teachers use these lessons every Sunday throughout the country. There will be trainings for teachers who will conduct the lessons before a church uses the lesson plans. Afterwards, teachers can sign up to use the curriculum in their churches or schools. They will receive a 5-year curriculum lesson without any expenses. Moreover, the project has enhanced the teacher's potential through the encouragement and coordination of the church network facilitators in different regions. Through this network, we organize capacity building and empowerment programs for teachers in various topics from Child Protection Policy, the efficient use of online tools for teaching, Online Christmas event, and other children and family psycho-social development programs.

2020 Superbook Special Activities

Superbook Camp "Pray and Play"

The children's camp was held on November 16-18, 2020 at the Baptist Christian Training Center, Jomtien Beach, Chon Buri.

There were 100 people joined, 79 children and 21 teachers and adults.

Superbook Christmas Special (Children's Christmas Day)

The event was held on December 10, 2020 at the Foundation's office, Bangkok.

There were 44 children and 23 adults from 12 churches.

Superbook Christmas Outreach

The outreach was held from December 2020 – January 2021. The Sunday school teachers were trained and given the media tools to hold a Christmas activity

A total of 118 Christmas outreach events and 8,150 participants.

Building children to grow up and become a good adult

“I give thanks to Jesus for CBN Thailand that has been a blessing for our church. Personally, I knew about Superbook since I was a youth in which I was able to watch and learn from. 10 years later, I joined this training and have come to know that it is a tool to evangelize and let people know about Jesus Christ more. I think this is a very great tool that helps local churches.”

“I also think that the Superbook lessons are an action plan in evangelizing and following up with the results, including becoming a pioneer in establishing a church through the Superbook lessons, and to share the gospel to children and parents. In the past, I did not know much about love, until I became a father. I understood the meaning of love more and realize that I want my child to receive all the good things and guided with good lessons. I give thanks to Jesus Christ for the Superbook lessons and for CBN Thailand that has brought the word of God to build children into good adults and serve God.

Mr. Amornsak Rinnasak, The coordinator from the Free in Jesus Christ Church Association, Chondan District, Petchabun Province

“Touched by the calling and sharing the good news”

Miss Atisa Lamoons (Bam), 10 years old (blue shirt)
Miss Waranari Nakan (Shalom) 10 years old (white shirt)
The Covenant Church, Phanat Nikhom, Chon Buri

Bam was invited to come to church and watch the Superbook videos by Shalom who is her cousin. She has learnt the story about Naaman and the Servant Girl and how Naaman was healed through a Man of God after being recommended by an Israelite servant girl. The servant girl had faith and therefore Naaman was healed. Bam was impressed by this story and shared it to her grandmother when she went back home.

One day when her grandmother was doing the house chores, she suddenly felt pain in her leg and couldn't walk or move her leg. Bam's grandmother then asked Bam to pray for her and ask for God to heal her leg. The next day, Bam's grandmother was able to get up and walk without any pain in her legs. From this experience, Bam felt like God has touched her. Then, Bam learned about the Superbook lesson on “Samuel and the Call of God” and from this lesson she could feel God's calling. When her teacher asked her if she wanted to welcome Jesus to be her savior, she then decided to pray following her teacher. Afterwards, Bam has also invited her siblings to come to church and study God's stories through Superbook. Her siblings had opened their hearts and welcomed Jesus to be their savior. Right now, her family and her grandmother have decided to become believers and come to church together.

Bam has shared to us, “I like the producers of Superbook who have enabled me to learn about God's stories and use the lessons in my daily life. I am no longer a lazy person and my bad behaviors have slowly disappeared. I hope that everyone would have a chance to watch the Superbook and know God like me!” Apart from her family members, Bam has also shared God's stories to her friends at school and invited them to watch Superbook to get to know God like her.

Life Transforming Media Mission

Media for strengthening lifestyles and families, producing programs to strengthen families with the powerful words of Christ. Life Transforming Media is another mission of the Operation Blessing (Thailand) which produces media related works under the name of CBN Thailand. The objective is to create online media on Facebook and YouTube under CBN Thailand.

- **From Heart to Heart Program** presents true stories of those with an experience with God and had their life transformed. This program allows people clearly see the love of God through individual's lives.
- **Yes or No Program with Pastor Nikorn Sittijariyaporn.** The program presents the morals from within the Bible to bring understanding, solves any doubts on different issues talked in the society, and gives recommendation on how to walk a Christian life.
- **CBN 300 Strong** is a group of media warriors from holding the Chiwit-Chiwa (Liveliness) program on Zoom. Each month, specialists in different industries are invited to share their knowledge in their field of work such as economic, finance, worshipping, marriage life and more. The program will be held through zoom and the audiences from the CBN Thailand will get to meet and ask the speaker closely. We opened 300 places for volunteers to register in order to share, encourage, love and care through the media as a way of evangelizing.
- **Covid-19** Producing encouraging video clips to share knowledge to people during the current Covid pandemic and report any news information that help people to know how to take care of themselves.
- **The CBN Market program** was held to help Thai businesses during this Covid-19 pandemic. We've helped to share the shops, review products and share contacting channels to business owners. A Facebook group called CBN Market is created to be a safe platform in doing businesses.
- **CBN Fans Day** was held to meet and thank the fans of Heart to Heart and the CBN Thailand page for following, supporting, and encouraging.
- **CBN 20th Anniversary** was a day to give thanks to God for operating the mission in Thailand for 20 years and was held in November. The event was to appreciate those who were involved in the missions with CBN Thailand through different channels.

Media for the children and youth

Producing Superbook Animation

We have produced Thai Dubbed Superbook Animations from Season 3, 13 episodes and another 13 episodes from Season 4.

Producing Media Content as a manual for Sunday School teachers, following the Superbook curriculum

Video contents and manual books for the Sunday School teachers to use during the Sunday School classes teaching the Superbook Season 3 were shared in the churches, school, and community mission agencies. 13 episodes have been used in the children's ministry and for season 4, 13 more episodes are under production to be a manual set.

Online Sunday School Classroom

A special program that is the "Online Sunday School Classroom" was produced for 13 episodes to support churches with a tool for teaching Sunday School during the Covid-19 epidemic. Although the children could not physically go to the church, they were still able to join the Sunday School online.

Producing Media Content for Evangelism during Christmas

Videos and manual books were produced for holding the "Christmas Outreach 2020" event. The church, individuals who are interested, and the children's families were supported with evangelizing media during Christmas.

Encouragement and Prayer Center

Encouragement and Prayer Center. Encouraging and prayers messages are shared through two channels through Line and Facebook. Line : @prayerfriends Facebook : CBN Thailand. The two platforms are ways of reaching out to those who need prayers. Prayer topics will be presented and individuals receive their prayer and encouragement through the prayer.

“Right now, my baby is safe and I have returned back to working. I was also blessed and got promoted in my workplace as well. The thing that I would like to encourage everyone is to have faith in God no matter how hard the situation is. We do not need to find a reason or ask why, but only rely on God. I would like to thank CBN, Prayer Friend and God for the staffs who always send and answers my messages. I got to have a conversation with them and some topics that I cannot talk with the people I know; I am able to talk about it here as we do not need to see each other’s face but only pray to God. I could talk about everything, and it was like talking to Angels who God had sent to me. I felt warmth from the care that I received, and I would like to thank you from the bottom of my heart.”

...Treerat

“had two miscarriages before letting the prayer team pray for her until she is able to miraculously get pregnant on her third time.”

Trin has been following the Yes or No program and contacted through our prayer call number. Trin wanted to know God more, so the Prayer team had given encouragement and explained the salvation in Jesus Christ. Right after, Trin decided to welcome Christ and on the same day of receiving Jesus Christ, Trin’s mother also came to know God. Trin called the staff the next day and we praised God for the salvation that was brought to Trin and Trin’s mother.

...Trin

Prayer Friend Line group People

Knew of this program through the CBN Thailand page. In every video clip posted, we had provided with contacting channels to people who needed prayer and need to know God more.

Humanitarian Missions

These missions are social work to improve the well-being of poverty-stricken families, support communities with medical support, and help victims of natural disasters through different projects from the Operation Blessings (Thai). These missions consist of :

- **Medical Mission** gives proactive service that includes primary treatment to diseases and supporting physical and emotional health for the people.
- **Covid-19 Relief Project** is to help out by giving relief packages to covid-19 victims, families in quarantine, and families who are lacking a source of income during this pandemic.
- **Flooding Relief Project** helps flood victims by giving relief packages to families who were affected by the flooding.
- **Keeping families Together Project** helps families that are taking care of orphans, widows, and vulnerable families by giving educational support, income assistance, and informative trainings.
- **The School of Life Project** supports children in risky areas and fragile children in their social life, education, morality, ethics, and their relationship with their family in their community.
- **Festivals of Hope Projects and Angel’s of Christmas Trees Project** the foundation provides household necessities for families who are struggling and find Christmas presents for the children.
- **Income Generating Project** helps those who are struggling with their careers and finding income to support their family by supporting them with tools for their careers.
- **Small-Scaled Farming Training Project** gives information to families on how to plant organic vegetables, supports families to have food safe for consuming, and gives ways on how to reduce household expenses and have sufficiency in their family.
- **Rehabilitation for people with substance abuse** helps individuals who are receiving rehabilitation to stop using drugs, have a job, and able to support themselves based on the sufficiency economy.

Statistics of the Projects

Medical Mission

4 Medical Missions

1,203 people
Patients receiving medical check-ups

510 people
Receiving eyeglasses.

Covid-19 Relief Project

9,825 Face Masks, Alcohol gel, and thermometer sets were given to **9,383 beneficiaries**.

2,176 Relief Packages were given to those in isolation and families who are lacking income, **6,322 beneficiaries**.

Income Assistance was support to **20 families, 54 beneficiaries** who were impacted by the pandemic.

Flooding Relief Project

177 Relief Packages were given to flood victims,

177 families received help (**640 people**).

Keeping Families Together Project

70 families have joined the project.

in total, **254 beneficiaries**.

The School of Life Project

Number of beneficiaries who are children is **336 people** (**6 schools**).

Angel's of Christmas Trees Project

The children received **40 presents** from **21 families**.

Livelihood and Income Generating Projects

Assisting families without income, **11 families** (**20 beneficiaries**)

Small-scale Farming Training Project

Holding Organic Agriculture Training for **21 people** (**21 beneficiaries**)

Rehabilitation for people with substance abuse Project

42 people had requested for rehabilitation from drug addiction.

Medical Mission Project

(helped a child in a critical condition, Miss Worawarun Mattachareonying, 1 year and 4 months)

Ms Chaweewan Mattachareonying, the mother found out that her baby daughter, Worawarun, had an abnormal heart condition. Her doctor said that she needed to be observed until she was 1 years old, when she can receive a heart surgery at the Nakornping Hospital. While she was waiting for her operation, the baby was weak and was underweight. She paid frequent visits at the hospital while the baby was being hospitalized. She had to look after her baby closely. She and her husband could not work like usual and especially during Covid, there were no jobs available. Therefore, their family had no income, so the Rakprakhun Church has requested for support from Operation Blessing.

After receiving the surgery on October 19, 2020, the surgery went well and there were no further complications. The young girl was able to run like other normal children. Her weight became normal. She was no longer sick anymore. Two months after the surgery, the staffs had made follow up visits and given encouragement to their family. We found that she is much brighter and is in good health. The doctor had given an x-ray and her result was normal.

Ms Chaweewan Mattachareonying, the young girl's mother shared to us "My husband and I are very happy to see our daughter's development and her health getting stronger. I would like to thank all of the sponsors and CBN for helping both financially and giving us advice throughout the whole time. Currently, we go to church every week and we believe that God has helped us a lot."

Covid-19 Relief Project

Ms. Deu Saesong (Mai), age 30. Mai is a single mother with three kids. She currently lives in a rented house in Nong Hoi Sub-District, Chiang Mai with her youngest son age 1 year and 2 months. As for her middle and eldest child, she has entrusted them to a Children's Home in Doi Saket District, Chiang Mai. She used to work as a seamstress at a factory, but due to Covid-19 the factory has been shut down and she no longer has any work or income. Mai then moved to a rented house in Saraphi District and is receiving sewing jobs from people she knows. However, this job is still not enough to cover her family's expenses, so she had to borrow money from others to pay for the rent. She would then slowly repay the borrowed money once she gets her pay from sewing. On some days, she would

not have anything to eat and could only drink water for the whole day.

"I think that just having water is already good enough. At that time, I could not really do anything as I still have a young son and I could not go out to work. I felt like it was a dead end for me and I did not know what to do. Afterwards, my friend gave me some rice, so I had rice, water and salt for two weeks and then, rice and chilli paste for another 2 weeks. Even if there's rice, I am still fine. What I'm worried about is the milk for my youngest boy. I am afraid if he cries and not be able to manage him. Last month, I have also been eating like this. During that time, I became jobless from the factory and was afraid of Covid, so I stayed at home. I was afraid to go out because my child is still little and we did not have any alcohol gel or anything to protect us. However, the Operation Blessings Foundation (Thai) has helped take care of the rent fee for two months and has given me dry food and baby milk for my son."

"I am so glad to have received all the things because I do not have a fridge to keep fresh food. With dry foods, I can keep it for a long period of time which would help me a lot. This would fill me up for many months. As for my baby's milk, I can store it for two months as it is in a powder form. These days, I am currently trying to find a monthly job that can let me support my child's school fees in the future as well. I will still continue to receive sewing jobs as I am free during the night time when my son is sleeping."

"I would like to thank the foundation for helping me. I am very happy because there has been no one who has given me a helping hand. I did not know how things was going to be like and could not find a way out until the foundation and church came to help me. When everyone heard that I was struggling, they were all kind and came to help me out. May God Bless everyone to be happy."

Keeping Families Together Project

Ms. Pailin Wisutikongkamon

Pailin has separated ways with her husband and has to take care of her two children alone. The hardest moment for her was when "Kaifang" was 9 years old and "Sarah" was 3 months, she could not go out to work because her children were still little. Therefore, she received jobs that she could do at home, so she could still take care of her children while working. Pailin worked to make flowers for the Hmong's tribal dress. She would work 12 hours a day and would receive 150 Baht per day. However, the income is not enough to cover her expenses and many times, she and her children would eat rice mixed with water. If she did not have money, she would ask for an advanced payment from the place she works and use it to buy food for her children.

After joining the Keeping Families Together Project...

"I felt I have grown spiritually while my business of selling drinks is also growing. Operation Blessing has been supporting me consistently. Before I used to worry a lot and did not have any encouragement. However, after the project had come to help, encourage and visit me, I felt much better. I learned a lot from the project. I got to know other families and it made me felt like we are one family. The Keeping Families Together Project has supported her business selling smoothies and supported with the equipment and the different flavors of fruits. She has also been selling honey and seasonal fruits which has brought her income around 300-500 Baht per day. She currently has a regular income from buying fruits and vegetables and re-selling them. From this, she was able to pay all the debts. Now, she can give her tithes to God as well.

"I am grateful to everyone and the foundation for letting me join this project. You are so kind to me and have helped my children and I so much. Thank you for this opportunity and may God Bless all the sponsors. In the future, I would like to help others like you have helped me."

Clean water project

In the past year, our project staff received training about the new standards of clean water project implementation to improve project operation in Thailand by OB Headquarter. The training includes monitoring, reviewing, and improving the testing efficiency and quality of clean water in various areas. We are preparing necessary criteria for operation such as the geographical characteristics of water resources, the water resource quality, the equipment procurement, and the testing of water quality in each area. The new standard of Clean Water project will focus on providing clean drinking water to communities that lack access to clean drinking water. We operate in different communities through local agencies and churches throughout Thailand.

The School of Life For a transformed and fruitful life

Mr. Wittawat Kanhajan, age 11 (Eye), Kampun Saengpara, age 55 (grandmother)

Eye grew up in a family where his parents had separated ways. Therefore, Eye grew up mostly with his grandparents. He used to be a disobedient kid and didn't like to listen. If someone made him really mad, he would throw rocks at them. Furthermore, he liked to hit his friend's head from behind. Until one day, his aunt had invited him to join the School of Life at the Chaturaphak Phiman Church. This is where Eye studied and practiced many skills such as Thai, English, Chinese, cooking, and moral education through the Superbook lessons.

Eye has shared to us saying, "Before joining the project, I was addicted to playing games and would play games all day and all night. As time past, my studies got worse. Until one day, my grandmother asked me to help buy some stuff to bring home, but I was still playing a game and made me speak rudely to my grandmother. From that event, it made me feel really bad about myself. After I joined the project, I got to learn a lot more subjects, could memorize English words better. My reading ability has also improved. I have also learned to spend time for my self development. I would exercise or play with my friends instead of playing games. I am very happy to have studied stories of God. I have been reading the Bible instead of playing games. Moreover, I am happy whenever I get to come to the church. I am grateful to all of the teachers in the church who would teach me and remind me when I did something wrong. They would give me great advice. When I grow up, I want to be a teacher and teach children like the teachers at the church."

Eye's grandmother, Kampun has told the changes she has seen in her grandson saying, "Eye has changed so much after joining the project. He would listen to me, help me with the house chores, would always be polite, speak politely and his grades have gotten better."
