# ANNUAL REPORT 2023

Thank you again for keeping us in your hearts and for partaking in our mission.

God bless you!

Mark McClendon

CBN Southeast Asia Regional Director

## Message from the CBN — Southeast Asia Regional Director

I am so honored to serve God’s goals and plans for the people of this day and age. The world around us is changing. The pace of technology and online social media has influenced families and the next generations, pushing them away from Biblical values and perspectives. Sadly, we have seen these influences on the churches too. In these challenging times, the mission of CBN Thailand is to stand together with the local church in serving God’s purposes, and, advocating for and building up the new generation. We pray to see this new generation of Thais loving God, being rooted in His principles, and sharing the good news to everyone.

We thank you, our partners, for standing with us in God’s calling to bless Thailand and to build up the next generation of Thais of every ethnicity. To see a new generation ready to fulfill God’s plans and purposes in their lives, in the same way God’s Word tells us about King David -

“**Now when David had served God’s purpose in his own generation, he fell asleep; he was buried with his ancestors and his body decayed.**”

Acts 13:36

### Message from the Chairman of Operation Blessing Thailand

“I am so honored to have the opportunity to serve God together with your generous hearts - loving and caring about the lives of people in need, and having the same vision of giving the Thai people the opportunity to know and receive the Lord Jesus Christ. Thank you for continuously supporting CBN Thailand through your monetary donations, and, in the recent year, through volunteering your time and skills as well. We will faithfully help the Thai people in need and share Jesus to everyone.

With love and respect in the Lord Jesus Christ,  
**Dr. Niran Pattaranukool**  
Chairman, Operation Blessing Foundation Thailand

### Message from the Director

In the past year, we have witnessed an unprecedented wave of change in the area of Artificial Intelligence (AI) and the swift and strong influence of online media on every dimension of society especially the young people. The young people have an important role in the direction and progress of the family, community, and society today and in the future. Operation Blessing Foundation Thailand/CBN Thailand has always recognized this importance and started working with children and the youth on online platform through Superbook. We are also intensively mobilizing a network of churches, volunteers and partners through The School of Life Project, which provides onsite learning opportunities, and, where the local churches play a key role in reaching the children and the community in order for the young people to look after one another. May this be a great encouragement for you to join hands with us in guiding today’s children and the youth. We believe God’s favor is upon us when we come together as one.

With love and respect in Christ,  
**Walai Jantawiboon**  
Director, Operation Blessing  
Foundation Thailand

## From the Heart of Our Beneficiary

“ Superbook lessons are very helpful indeed. Animation is very suitable for the children, and it keeps them interested. They can understand the Bible and can follow its teachings without being bored. They are even eager to learn more. Thank God for Superbook for helping the children learn these lessons. I want every church to be involved in supporting the continuous production of Superbook episodes.

Ptr. Ngingam Panchisiri

Pastor, Christ's Vision Church, Wiang Pa Pao, Chiang Rai Province

## Superbook Classroom Life-Changing Story

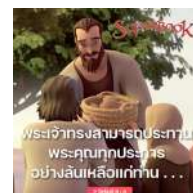

Patcharaporn Sumrit Nickname Cake, 8 years old, Grade 2 Primary School, Pornsila Alliance Church Association Bangkok

The church staff invited Cake to join their community activities. Cake needs to study additional subjects which she has failed to complete because of the COVID-19 situation. Studying online also meant she did not have time to be with her friends. When she came to have additional lessons in the church, Cake learned more. She likes studying Math with Teacher Tom, and English with Teacher Sai. Cake likes watching the Superbook story, "Job, A Man with Patience," because Job obeyed God and endured the trials that the devil brought, the pain, and the rebuke from his peers. Job continued praying to God. Because of this story, Cake decided to help her grandmother take care of her grandfather, who is bedridden. She helps change diapers, and she also sweeps and mops their floor.

## Media for the Youth Mission

CBN produces media for children's discipleship letting children have fun while learning. Teachers and parents have contemporary lessons for teaching and building children up through learning from Bible stories. While children can apply their learnings to their everyday lives.

## Life-Changing Stories through CBN's Mission

“ Grandma Nipa lost her job because of the pandemic, however, she has 6 grandchildren under her care. CBN provided start-up capital to help her setup a small business selling fried food in their neighborhood. Her grandchildren help her in selling too. They also learned more life skills in the church. Through The School of Life Project, they watched Superbook. They learned about God by watching the story of Job, and, have decided to become Christians.

Grandma Nipa, Bangkok

“ Kham, a single mother of two daughters, lost her job during the COVID-19 pandemic. The pineapple factory where she works was closed and has stopped operations. CBN helped her start a small business selling banana and cassava chips. She has begun earning and was able to support her children. While her daughters joined The School of Life Project. They were fed and were taught how to read and write. They also learned other life skills from this project.

Kam, Chiang Rai Province

“ CBN helped a grandmother start a mushroom farm to earn income and support her two grandchildren. The children were also given bicycles they can use for going to school.

Noy, Chiang Rai Province

“ A 9-year-old girl learns about God's love through Superbook in The School of Life Project. Pit prayed privately asking God to help her family. Because of this experience, she knew that - God really exists; God is love; and that, God loves her. Her family received miraculous help when she and her father got infected with COVID. Sooner Pit led her family to know the Lord as well.

Pit, Nakhon Ratchasima Province

## Life Changing Stories through Social Media

**Mongkhonchay**, Ubon Ratchathani Province, CBN Thailand Facebook Page Follower

Mongkhonchay has been following our page for a while. After learning about God, he felt like he wanted to believe Him and become a Christian. Then he decided to call the Prayer Center so we can lead him in a prayer to receive Jesus Christ. He had such a hunger to know more about the Lord. Thank God he can come to a church near him and there is someone who can help him grow spiritually.

**Pailin**, Prachinburi, CBN Thailand Facebook Page Follower

Pailin had believed in God for almost ten years but had lost her way for many years because of the hardships she has been through and the doubts in her faith. Then one day, she saw the CBN Thailand Facebook page. She found the Word of God calling her back to Him. She called our Prayer Center and said, "In the sufferings that I had been through, no one was there for me. No one can give me answers. I want to return to the Lord and have my faith restored. Please pray for me."

**Maai**, Surin Province, CBN Thailand Facebook Page Follower

Maai is a new believer and was baptized in October 2022. She had watched CBN Thailand's programs and prayer clips. She called to testify that when she prayed in the words of the clips, God healed her and removed the pain from her tumor. On her last medical examination, the tumor disappeared miraculously. With the prayer of gratitude to the Lord, she has seen how the Lord has been an ever-present help for their family.

**Palang**, CBN Thailand Facebook Page Follower

"I follow the CBN Facebook Page and view every clip. As I watch, the presence of God is with me, and I feel the Holy Spirit taking away the things that were not right in my life. The clips that I have watched are powerful, anointed and bring healing. I called to thank you and ask for prayers, for my life to be fruitful in sharing Jesus to others and in making disciples. Now, I have led a neighbor to believe in God. Please pray for him as well."

# Humanitarian Mission

From April 2022 to March 2023, Operation Blessing Foundation Thailand (OB Thailand) has been helping people in various difficult situations - from natural disasters, lack of job or earning opportunities, scarcity of clean water for consumption, or those in need of medical care to improve the quality of life in its various aspects through the following program and projects -

## 01 | Micro-enterprise for Families Program

With your generous donations, OB Thailand helps people in need and lack opportunities to work providing a source of sustainable income for their families in various communities. With this project, former inmates are also given an opportunity to start a new life. OB gives initial funding or capital, equipment, training on operations and management for a livelihood feasible for their conditions, and teaches them how to handle finances for their family security.

Beneficiaries

**14** families

**70** people

**3** Micro-Enterprise Trainings

## 02 | Food Distribution Project

With your gifts of love, OB Thailand provides emergency food assistance for bereaved families during the first three months of losing the head of their family from an accident or long-term illness. This aims to help family members transition with their lives. The Food Distribution Project includes food distribution as Christmas blessing to 4 communities.

Emergency food assistance **7** families

Christmas food distribution **4** communities

**900** beneficiaries

## 03 | Medical Brigade Project

Thank you for your unwavering commitment, OB Thailand has provided mobile medical services for 10 communities in 6 provinces, in the past year.

**1,508** patients served

Visited patients in communities-at-risk  
**18** homes

Hygiene education **901** children

## 04 | Clean Water Project

Thanks to your generous support, OB Thailand was able to provide clean water for communities with shortage of water safe for daily consumption. OB assists in drilling groundwater wells and setting up water filtration systems. These communities were also taught proper hygiene and to drink clean water only. People from communities of Ban Huai Sai Khao, Chiang Rai Province and Ban Pa Kia Nok, Chiang Mai Province are now enjoying clean and safe water.

**2** communities served

**1,125** beneficiaries

## 05 | Disaster Relief Project

Out of your cheerful giving, OB Thailand provided relief packs for flood victims of Typhoon Noru last October to November 2022 in 4 provinces: Ubon Ratchathani, Loei, Pathum Thani and Chachoengsao. Each relief pack has rice, dry food and various essentials.

**1,140** beneficiaries

## SCHOOL OF LIFE

Because of your commitment, we are able to work with the local churches helping underprivileged children and children at risk in 11 communities in the provinces of Roi Et, Mukdahan, Nakhon Ratchasima, Ratchaburi, Pathum Thani, Chiang Rai and Bangkok. Activities for social, emotional, educational and moral values development were conducted for 2-3 days a week after school and on weekends, using Superbook lessons and supporting materials while also building relationships with families in the communities.

**11** communities

**451** beneficiaries

## The School of Life Project

### Light Shine Center, Mae Hong Son Province

Udomchai Chahae (Ke), 19 years old, 6th Year, Senior High School at Pai Wittayakarn School

Udomchai participated in The School of Life in Pai since Grade 2 in primary school. He used to be the youngest child in the group, but now he is the oldest. Ke said, "The School of Life has taught me a lot. I was not confident to speak and to share what I think. But now, I am brave to make decisions and say what I think. Many of my friends from our village used to be with us too, but they have stopped coming. Now they are either addicts, alcoholics, have stopped studying, or are working in South Thailand. Some are in prison. In our group of 11 boys, only me and my friend, Chawaphon, finished Grade 6. I thank God The School of Life Project is there teaching me and has been helping mold my mind up to now. Next year, I will be studying in Chiang Mai. I have passed the exams for Chiangmai Technological College Automotive Division. I am a bit afraid because of the many things I must decide on, on my own, when I get there. New school, new friends, new society. But I am determined to find a church where I can worship God. Now, I have brought my 8-year old brother to The School of Life. I hope when he grows up, he will have a good life and will finish his studies like I did."

Ajan Boy, the administrator of The School of Life Project, said that Udomchai received Jesus at the age of 12. Ke is responsible, kind, honest, and he is helpful to others. Whenever there are activities here, he always helps. He plays bass guitar in the worship team. Though surrounded by family and relatives who are addicted to drugs, Ke never got himself involved with those things. He is a big help to his family, helping his mother plant garlic.

## KEEPING FAMILIES TOGETHER PROJECT

Thank you for your kind donation, we can help families stay together. Keeping Families Together Project helps orphaned children, widows, and families at risk through holistic development. Working with agencies, organization, and local churches in different provinces to promote, support, and provide trainings on educational, physical, social, emotional and mental development. Families served live in different communities in Bangkok, Nonthaburi, Chiang Rai, Chiang Mai and Phang Nga.

**7** communities

**199** beneficiaries (**54** families)

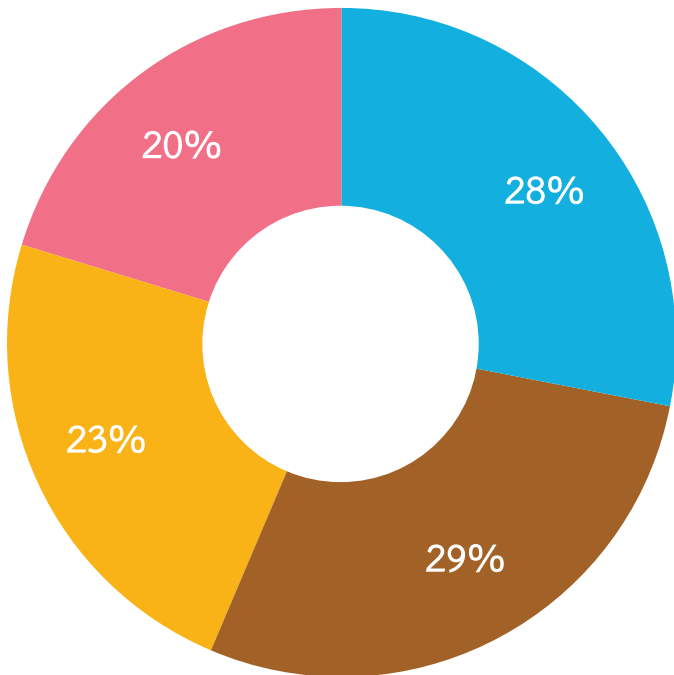

## KEEPING FAMILIES TOGETHER

### Thai Pang Mo Puang Church

Noy’s grandchildren, Om and Nut, came to live with her and her husband, after their parents have abandoned them. Now, Ohm is 11 years old. Grandma Noy earns a living from picking vegetables in the fields, fishing, and finding other forest produce she can sell. While, Grandpa earns from mowing grass every now and then. They did not have regular earnings. Most of the time they only have chili paste to go with their rice during meals. When they joined the Keeping Families Project, they received a bag of relief goods. After a while, Grandpa passed away leaving all the burden of taking care of the grandchildren on Grandma alone. The Project stood by Grandma encouraging the whole family in their time of loss. She received 1,600 mushroom heads to start a mushroom farm, and a trike she can use for selling goods as well. While, Om was given a bicycle for going to school. Before, she had to walk for an hour to reach her school. Now, it only takes 15 minutes for her to travel! Grandma said,

“Now we have good meals – with meat and vegetables. Thank you for helping us. I will never forget how CBN has helped me and my grandchildren. I hope you will be able to help more people. God bless you.”
